Hi Brenda – to follow up on our conversation yesterday, I've attached here the recent decision in the Formosa air permit litigation that contains a very succinct but thorough explanation of LDEQ's public trust duty, including Save Ourselves and related caselaw. That discussion is on pages 11-13 of the opinion

This notice for the public hearing will be published in our local paper this Thursday.

Also I spoke to Devon this morning. Devon will contact Khusai on ways they can both be able to assist us without overlapping. Tulane has a client on The Rock community that he represents.
